

README TOURISM IN TBAY

The Webpage consists of numerous various activities to do in Thunder Bay. The main appeal is the responsive design and capabilities of the webpage. The content on it was obtained from google and there are various links to lead the user to the appropriate webpages for relevant information on each individual activity. The main backbone of the HTML page was obtained and used (*legally*) from <https://html5up.net/>

Below are a few screenshots of the design and highlights of the webpage.

Each page has a unique link that will take the user to its respective website, for example, on the photograph titled “A taste of Northern Brews” there is a link that will take the user to <https://sleepinggiantbrewing.ca/> Where they can find more in-depth information regarding what is on that Photograph.
